SUSTAINMENT AND FUNDAMENTAL COURSES

- ULLS-G
- ULLS-S4
- SAMS I and SAMS II
- SINCGARS
- Basic Electronic Theory (BET)

We can develop a course for any additional training needs to meet the unit's requirement.

REQUESTING TRAINING

- ATRRS - Army Training Requirements and Resources System (School Code 924).
- Courses Listed on ATRRS must be obtained through the ATRRS Quota System.
- Special Training Course - Request through the High Tech RTS-M Support Form. Submit through 104th DIV(IT) DCSOPS.
- Soldiers must meet any prerequisites required (ASVAB, Pre-Execution Checklist, Clearance).

LOGISTICAL SUPPORT

- **Lodging and meals provided for TASS students, No Per-diem**
- **Full time TDY Lodging Facility and Dining Hall**
- **Transportation is not provided, recommend rental car**
- **McClellan AFB for medical support**

ADVANTAGES IN TRAINING AT HIGH TECH

- Fully Accredited School (July 99 by Signal and Ordnance).
- Quality Training by experienced full time civilian and military instructors.
- TRADOC approved materials.
- CECOM alliance.
- Training can be tailored to meet the needs of the customer.
- Realistic - Hands on Training.
- Modern - well equipped training facility.
- Training done in ADT status.

QUESTIONS

SUMMARY

The Army training mission is to prepare soldiers, leaders and units to deploy, fight and win in combat at any intensity level, anywhere, anytime.

General Carl E. Vuono

Training for real world missions!
